

NTT DOCOMO ASIA to Present Blockchain Technology Solutions at JETRO's Fast Track Pitch Event

Singapore, April 18, 2024 – NTT DOCOMO ASIA, a leading provider of mobile communication services, announced today its participation in JETRO's Fast Track Pitch event scheduled for April 26, 2024. The event, hosted by the Japan External Trade Organization (JETRO), serves as a platform where established Japanese corporations present problem statements to startups and SMEs, seeking innovative solutions and potential collaborations.

JETRO's Fast Track Pitch event is renowned for its reverse pitch format, wherein corporations like NTT DOCOMO ASIA engage with startups and SMEs by sharing their specific challenges and inviting collaborative solutions.

At the upcoming event, NTT DOCOMO ASIA's segment will focus on fintech, especially blockchain technology and its potential applications to expand user engagement within the industry. With a commitment to innovation and leveraging emerging technologies, NTT DOCOMO ASIA aims to explore new avenues within the blockchain space, enhancing user experiences and driving adoption.

Fast Track Pitch Details

- Date: April 26, 2024 (Friday)
- Time: 6:30 PM - 8:30 PM
- Venue: One&Co at 20 Anson Road, #11-01, Twenty Anson, Singapore 079912
